the past, has caused the sacrificing of such a possibility, but if it is go ing to regain any part of the standaking place in that country. Greece's entrance may not be as sudden as Rumania's but it is nevertheless on he way and the quicker it takes place the better it will be for that country

AGAINST BLEASEISM.

o congratulations. Such will be appreclated by a large part of the peo ble of that state but it is far from nanimous else there would have been much larger majority in favor of Richard I. Manning for the democrade nomination for governor over Cole a Blease in the state primary. It is o be congratulated nevertheless that t turned out in sufficient numbers to revent the selection of a former hief executive, whose record in ofice was such that any thought of his eturning to it should have been sufscient to have so snowed him under that he would never again have the burage to seek political office. Bleaseism reigned in South Caroina for four years. During that time the state received a lot of advertising but it was not the kind which Hd it any good. Blease was the governor who snapped his finger at law ind order. He was the one who emptied the prisons of the state and

illowed the convicts their liberty for he purpose of strengthening his potical machine. Blease was the man who lent encouragement to disorder est than on his earlier visits. ind who had the temerity to believe hat he could continue to run the

Southern Guardsmen.

Although no official statement has and to prevent as far as possible of such action its spread throughout a city at a time when so many were returning from vacations. Wherever it is found that there are no cases there can be little or no opposition to the opening of the fall term of school but opening of the fall term of school but the cases of the fall term of school but the case of the fall term of school but the case of the fall term of school but the case of the fall term of the fall term of school but the case of the fall term of the fall term of school but the fall term of school

opening of the fail term of school but in those communities where cases exist, and where new ones are being reported almost daily there can be no surprise when the parents object to the opening of school at this time. Prevention is the object of post-porement and it is most commendable action. If it was advisable when no cases existed it certainly is when there are a number of children in with the disease, which leads to only one conclusion in regard to the school opening and that is that it is better to delay and be safe than to hasten and be sorry.

HIGH MEAT PRICES.

There doesn't appear to be any great mystery as to why the prices of meat in this country are higher and steadily going higher. Such an advance had begun before the outbreak of the war in Europe and every time there was a failing off in the number of cattle, sheep and hogs raised in this country, and that while the propulation was increasing all the consumers and the school of the border States where classes which leads to only one conclusion in regard to the school opening and that there was a failing off in the face of the border States had one of their mothers are a number of cattle, sheep and hogs raised in this country, and that while the population was increasing all the

were hastened to the border with equipment and were shamefully sho accommodations on trains. we call attention to the fact that practically all of the troops at the practically all of the troops at the border come from normally Republican states, while the Democratic states have sent very few. Proud Virginia has no troops there or en route go far as we can discover.
